Flute- Carrie Paraiso

The focus of this play was not the dancers, monologues, actors, slides & artists but the sounds that were created from the hearts of worship, as we listened to what we were hearing from His throne. Because of that, the orchestra pit was not a pit, but on stage, in sync with the visible action.

If you have any questions, or would like to see a more extensive program, please email: planetbubbleministries@gmail.com

Hugs from Him,
James and Carrie Paraiso
